

# **Passive House Ventilation in Schools**

**March 17th, 2022 – 12 PM to 1 PM**

**Mike Woolsey, CPHD, WELL AP  
Business Development Manager - Swegon**

**and**

**Jason Hudspath  
Project Manager/Sales Engineer  
Thermal Environment Sales**

Mosaic Pre-k Center  
PH Design and Construction  
Queens NY

100 Flatbush Primary and High School  
Passive House Design and Construction  
New York City

Charlotte VT Public School  
PH Certified Ventilation System  
Charlotte VT

Mike will be presenting on Passive House Ventilation in Schools. Specifically featuring two NYC Schools which were designed and built by the Passive House Standard.

Also, Jason will be talking about the ventilation system of the Charlotte VT Public School. Although the building is not a PH building, a certified PH ventilation system was chosen by the engineering company due to the high energy recovery efficiency that allowed them to meet the required goal of the design.

Hosted by VT Passive House  
AIA and PHIUS-CPHC credits approved
